Praise and Worship

- 4-6 songs (20-30 minutes). Korean/English songs, small portion in Spanish. Songs that many people may know.
- Reprise of 2-3 songs. It can be the same songs, or one different one.

Skit

- Bora and Sujin to direct. Determine the people needed for support, and call gatherings and practice as needed
- Joe will support choreography (안무), sound effects, stage effects, etc as needed. Determine the resources needed, and if necessary, let's go rent some equipment.

Prayer Time

- This may be an altar call, where people are asked to dedicate (or re-dedicate) their life to Jesus. In that case, each of us should know how to guide the other person in accepting Jesus. We may need to help them to pray. Regardless, we will pray blessings over individuals.

Food

- We will demonstrate fellowship and community by eating together. Someone needs to coordinate the food we should eat, and the costs involved.
